## **Pennsauken Employs V-COMM to Overhaul Communications Network**

Pennsauken, NJ January 12, 2004 – V-COMM, a leading New Jersey based telecommunication engineering firm, has entered into agreements with the township of Pennsauken, NJ to provide critical expertise in evaluating municipal communications and developing a long-range plan for a system redesign and upgrade to new technology to promote interoperability with county government and adjacent communities.

“Our job is to establish a world-class communications system for Pennsauken that will allow them to talk with police, fire and other public safety organizations in the area more efficiently. We are confident that we are up to the challenge,” said Dominic C. Villecco, president of V-COMM L.L.C.

V-COMM, a leading provider of integrate network engineering, radio frequency engineering and business services, delivers needed expertise and cost-effective solutions for wired and wireless operators and vendors. Company executives are much sought-after

expert witnesses providing testimony on telecommunications issues in local, regional, national and international venues. V-COMM has a growing staff of over 50 engineers and professionals with offices in Cranbury, NJ and Blue Bell, PA. For more information, visit us on the World Wide Web at [www.vcomm-eng.com](http://www.vcomm-eng.com).
