FOR IMMEDIATE RELEASE

V-COMM ENGINEERS RECEIVE PROMOTIONS AND MORE IBWAVE CERTIFICATIONS

Cranbury, NJ (August 26, 2015)—V-COMM, an industry-leading telecommunications engineering firm, is proud to announce promotions for several employees from both its New Jersey and Pennsylvania offices.

Damian Ameen has been promoted to Staff Level Engineer. He has been with the company for two years and is a subject matter expert in wireless zoning, oDAS, RF software and commercial Wi-Fi testing.

Shanmukha “Shaun” Kotikalapudi has been promoted to Staff Level Engineer. He has also been with the company for two years. He is a subject matter expert in On-air testing for all wireless carriers, bands and technologies and is a key player in transit and commercial wireless projects.

Anirudh Raman has been promoted to Staff Level Engineer and has also successfully completed his iBwave Level 2 Certification. He has been with the company for two years and has demonstrated strong growth in both RAN and microwave engineering, in addition to in-building design and testing.

Justin Day has been promoted to Senior Engineer. He has been with the company for four years. Since receiving his iBwave Level 3 certification, he has continued to excel in his work across multiple projects.

“I am happy and proud to work with these bright engineers as they grow within our company,” said Dominic Villecco, president and founder of V-COMM.

V-COMM is a leading provider of network engineering, radio frequency engineering, and commercial entities, with offices in Cranbury, New Jersey and Exton, PA. V-COMM delivers the needed expertise and cost-effective solutions to governmental agencies, wireless operators and commercial entities. V-COMM also provides design and design/build services for In-building, In-tunnel and other wireless telecommunications networks. For more information, visit our website www.vcomm-eng.com.
